

## FIRST SKIRMISH NEAR TORREON RESULTS IN WITHDRAWAL OF REBELS

**Rebel Troops Guarding  
Mountain Pass Forced to  
Retreat Before Feds  
MAY FIGHT AT MAPIMI**

**Constitutionalists Now Think  
They Will Fight at Mapimi Be-  
fore They March to Torreon**

### VILLA ARRIVES FROM JUAREZ

CHIHUAHUA, Mex., Feb. 4.—The first skirmish between the federal troops protecting Torreon and the rebels advancing on that city resulted in a withdrawal of the rebel forces. The skirmish details of which reached here today took place in the mountain pass of Purda la Cadena about 20 miles from Mapimi and northwest of Torreon. Rebel troops under General Urbina were guarding the pass when they were attacked by a federal force which advanced from Mapimi. A brief fight resulted in the abandonment of the pass by the rebels and their retirement to the main rebel advance guard north of Mapimi. General Urbina was attempting to hold the pass as an approach for rebels from the west. The rebels now believe they will have to fight for Mapimi before they march on Torreon.

With the arrival of General Francisco Villa from Juarez today rebel leaders looked forward to the Torreon campaign although train loads of ammunition and rations for men and horses have to be shipped forward for a week or ten days before anything like a general engagement occurs. In line with the statement of General Villa that he would banish all Spaniards known to have opposed the rebels and that he would exterminate all Huerta influences, the following had been given publicity here as representing the motives behind the revolution.

"The trouble with the Madero revolution was that it was not fought to a finish. After Diaz fell the greater part of his regime survived and crippled Madero. The Madero administration formed too generous a compromise with a beaten enemy. The danger of revolution will continue until the reform elements triumph, until the country is purged of the clerical influence and until we are rid of landlordism. In brief, the remedy for revolution is a thorough revolution. It is this fact that causes Carranza to reject all of the offers of compromise, since such compromises contain the seed of endless disturbances.

**Few Signs of Proclamation.**  
Washington, Feb. 4.—There were few external signs today of the effect of the presidential proclamation of yesterday revoking the order against the shipment of arms and munitions of war into Mexico. In answer to a suggestion that the work of the American border patrol would be greatly reduced in consequence of the cessation of the task of chasing "gun runners," Secretary Garrison said he would be guided entirely by the regulations of General Bliss in making any changes.

So far, he said, had not considered the feasibility of making any reductions.

The status of the refugee Mexican soldiers, federals and constitutionalists alike, now held by the United States, were not affected by the proclamation and it was stated that when order was restored in the Southern republic the Mexican government would be confronted with a bill for the maintenance of the refugees. Treasury officials have charge of the large quantities of arms that have been seized from time to time by the border patrol and it is expected that some instructions will be sent soon to the local collectors of customs in Texas and other border states relative to their release for shipment into Mexico.

**First Load Across Border.**  
El Paso, Tex., Feb. 4.—An express wagon trundled across the international bridge from El Paso to Juarez today with the first load of munitions of war permitted to cross to the rebels under President Wilson's proclamation lifting the embargo.

The wagon containing only 37,000 rounds of ammunition and seventy rifles, representing the entire stock of a local dealer, but large quantities of fighting weapons have been ordered by rebel agents and soon are to be shipped south for the rebel attack on Torreon. Agents of General Villa made the rounds of dealers in El Paso today to buy up all suitable arms but they reported that the stocks had been depleted. Notwithstanding this customs officials received word that more than 500,000 rounds of ammunition in the last month were shipped to El Paso from various points. The 500,000 rounds of ammunition and numerous rifles and machine guns which were seized by the United States troops from the federals when the latter crossed from Ojinaga will not be affected by the lifting of the embargo but will be held at Fort Bliss.

## PRESIDENT OF PERU IS TAKEN PRISONER

**BILLINGHURST WILL BE SENT TO  
EXILE IN A FOREIGN COUNTRY**

Under Leadership of Col. Benavides the Rebels Suddenly Attack and Secure Control of the Presidential Palace at Lima.

LIMA, Peru, Feb. 4.—The president of the Republic of Peru, Guillermo Billinghurst, was taken prisoner today by military revolutionists. Later he was taken as a prisoner to Callao, from which port he will be sent to exile in a foreign country. The rebels suddenly attacked the presidential palace under the leadership of Colonel Benavides. General Enrique Varela, premier and minister of war was killed in the sharp fight which ensued.

Dr. Augusto Durand, a former revolutionary leader whose arrest was sought by the police yesterday took possession of the palace. It is said he will at once organize a new government.

**News to Consul General.**  
New York, Feb. 4.—The despatches from Peru today stating that President Billinghurst had been overthrown were news to Eduardo Higginson, Peruvian consul general in this city. Mr. Higginson who has been here for ten years, professed to know nothing of the causes which led up to the revolution. He knew of Dr. Durand, he said, as a wealthy land owner and a leader of the liberty party but did not know what the grievance of that party was against Billinghurst whom he described as a Democrat who appealed to the people.

**No U. S. Warship Near.**  
Washington, Feb. 4.—The successful revolution in Peru found the United States navy without a warship south of the equator. The work of the revolutionists was so complete however, that there is no need of haste in dispatching a vessel to the scene. Later it may become necessary for the United States to have at hand means to supporting any representations that the state department may decide to market regarding the new government to rise on the ruins of the Billinghurst administration.

News came to the department late today from the American legation in Lima of the arrest of President Billinghurst but the brief despatch did not indicate the plans of the revolutionists and the Peruvian legation in this city had no news at all from the capital.

**U. S. May Not Interfere.**  
Washington, Feb. 4.—It became known today that if the struggle of the rebel factions now going on in Haiti results in the domination of a leader committed to the perpetuation of constitutional government in the republic the United States probably will not feel called up to interfere with the re-organization of the government. Officials here noted with satisfaction that Zamor brothers, who according to the reports from the American legation at Port au Prince have succeeded in gaining the ascendancy are pledged to call the national assembly in session. For the present, however, in view of the state department the fugitive Oreste is still titular president of Haiti.

**WILL SPEAK AT SPRINGFIELD.**  
Springfield, Ill., Feb. 4.—United States Senator Robert L. Owen of Oklahoma today wired to Secretary A. D. Stevens of the Wilson-Bryan Democratic league of Illinois that he would be here to speak at the league's "round up" next Monday night.

**Plan Public Demonstration.**  
Mexico City, Feb. 4.—Students in the capital today made plans to hold a public demonstration tomorrow against the American government but the governor of the federal district, acting under instructions from President Huerta announced tonight that no anti-foreign demonstration would be permitted.

The students proposed to take advantage of the fact that tomorrow is a national holiday—the anniversary of the promulgation of the constitution—and that a demonstration of such an occasion would draw thousands of idle men.

Satisfaction was expressed at the American embassy tonight over the prompt manner in which the authorities denied the students permission to hold a meeting.

President Huerta today cabled to the newspapers in Buenos Ayres, London, Paris and Madrid and to a few in the United States that he had an army of 135,000 men, and expected to issue a decree increasing this number by 50,000. He invited the newspapers to send correspondents to Mexico saying that he would place them in a position where they could ascertain the truth concerning conditions in the republic.

## No More Junk Dealers for Fat "Copper"

CHICAGO, Feb. 4.—A large policeman laboriously toiled up two flights of stairs today bearing a burden of pig-iron. Four times he made the trip until 400 pounds of metal lay on the floor before Municipal Judge Sullivan. After looking at the

## HOUSE WILL HOLD NIGHT SESSIONS

**TO CONSIDER FEDERAL APPROPRIATION FOR GOOD ROADS**

Special Rule is Adopted Authorizing Night Sessions to Consider \$25,000,000 Appropriation—Senator Hitchcock Scores Newland's Stock Exchange Regulation Bill.

WASHINGTON, Feb. 4.—Night work for the house on the bill to appropriate \$25,000,000 for federal aid for good roads was authorized today by the adoption of a special rule. Under the rule the house will sit from 8 o'clock until 10:30, beginning on Friday evening, until seven hours have been devoted to the measure. Thus the regular executive program will not be interfered with. The pending measure, introduced by Representative Shackleford of Missouri proposes federal co-operation with the states in constructing a system of inter-state, state and county highways suitable for post roads, military and inter-state traffic purposes. Representative Borland of Missouri gave notice today that he would offer a substitute designed to protect state rights.

**Would Russinize America.**  
This bill attempts to Russinize America, it would establish a censorship over the press by the postmaster general. American newspapers will not tolerate it.

This was the comment of Senator Hitchcock to fellow members of the senate banking and currency committee today at the opening of the hearing on the stock exchange regulation bill offered by Chairman Newlands.

Samuel Undermyer of New York who said that he had much to do with drawing the bill appeared to support it and Senator Hitchcock's protest was made during his examination. The bill provides for denial of the mails to stock exchanges which violate restrictions proposed by the measure and would require the incorporation of stock exchanges under state laws. Senator Hitchcock said the measure was an attempt to take from the state powers and duties which were purely domestic and no sense federal.

Mr. Undermyer insisted the power given the postmaster general was limited; that only transactions of a "fraudulent character would be barred from the mails.

"The press always has been jealous of the postoffice privileges," he said. "Enforcing the regulation might mean reach to libelous matter."

"As a newspaperman, I take exception to that statement," Senator Hitchcock said. "The papers only resist an attempt to place in the hands of any one man the power to censor publications. The freedom of the press is a fundamental principle of our government."

Senator Nelson attacked the bill as not sufficiently drastic.

"You do not get to the root of the evil," he said. "I think it is in the listing of stocks. That is what you should seek to control. This is the great power of these exchanges, the power to place wildcat stocks on their lists."

Mr. Undermyer insisted that the provision requiring a public statement of the affairs and responsibility of listed corporations served much the same purpose.

"You've got interfered with the Wall Street spirit," Senator Nelson remarked. "You've scotched the snake but you haven't killed it."

## REPRESENTATIVE PALMER WOULD SUCCEED SENATOR PENROSE

WASHINGTON, Feb. 4.—Representative A. Mitchell Palmer of Pennsylvania tonight formally announced his candidacy for the United States senate to succeed Boise A. Penrose, Republican whose term expires March 3rd, 1915. This announcement followed two conferences between Representative Palmer and President Wilson at the White House.

Following the second conference held tonight Mr. Palmer issued this statement:

"I had been expected to be a candidate for governor and so announced to many of my friends. We had hoped that Secretary Wilson would be a candidate for senator, but having thought the president's counsel we find that he is averse to Mr. Wilson's leaving the cabinet. It is the president's judgment that I should make the race for senator and I have decided to do so."

## YEGGS BLOW SAFE IN ILLINOIS TRACTION SYSTEM AT AUBURN

SPRINGFIELD, Ill., Feb. 8.—The safe in the Illinois Traction System office at Auburn, fourteen miles south of Springfield was blown open at 1:20 o'clock this morning.

The charge of dynamite blew out the front of the office. The contents of the safe, \$270 was taken. A special traction system car carrying a posse of policemen left for the scene ten minutes after local authorities received the report.

KANKAKEE, Ill., Feb. 4.—Thirty employees at the eastern Illinois Hospital for the insane today received notice that they would be dropped from the payroll on Feb. 10th. Dr. P. M. Kelly, superintendent of the hospital would not say why the men were dropped but intimated that the motive was to reduce expenses.

NEW YORK, Feb. 4.—The fifteenth day of the second trial of Hans Schmidt, the former priest charged with the murder of Anna Ammer, ended today with the summing up for both sides completed. Tomorrow morning Judge Vernon M. Davis will deliver his charge to the jury.

## PROSECUTOR LUCAS OUTLINES STATE'S CASE

## GRAND JURY IS COMPLETED IN SEEKERVILLE MURDER CASE

State Will Attempt to Prove That the Defendants Deliberately Killed Steve Putrich and That He Was Killed "in the Execution of an Unlawful Arrest."

HOUGHTON, Mich., Feb. 4.—A grand jury completed in the Seekerville murder case, the state today began introduction of witnesses in an effort to prove that the two deputy sheriffs and three Wadwell-Mahon mine guards who are on trial deliberately killed Steve Putrich and that he was killed "in the execution of an unlawful arrest."

Anthony Lucas, prosecuting attorney of Houghton county, outlined the state's case in an opening statement to the jury. He said that John Stimac and John Kollan, strikers, attempted to cross mine company property at Seekerville late on August 14th, and were warned off by Humphrey Quick, a watchman. After an exchange of words the men continued on their way and Quick reported the alleged trespass to Thomas Raleigh who was in charge of the Wadwell-Mahon mine at the Champion mine. Raleigh in turn reported to the mine manager, who ordered Stimac and Kollan to be brought before him. Raleigh, now a fugitive then took three of his men and deputy sheriffs Polkinghorn and James to the boarding house where the two strikers lived, the prosecutor said. Quick accompanied them. They found Kollan but he refused to go with them, as they had no warrant. They started to leave the premises before they were out of the yard a stick was thrown by some one behind them and it struck a deputy on the rim of the hat. The deputy turned and shot the nearest man, Steve Putrich, wounding him fatally. The six men then fired a fusillade into the windows of the house, it was alleged.

The deputies then left but returned soon afterwards to find one man dead and three wounded.

Lucas told the jury that witnesses would testify that Putrich, did not throw the stick that struck the deputy and that others would swear that some time afterwards they saw one of the deputies shoot a hole through the crown of his own hat.

## COUNTY TREASURERS OF STATE GATHER FOR QUINCY MEETING

QUINCY, Ill., Feb. 4.—Most of the county treasurers of the state and many members of the state board of equalization gathered here today for a two days session.

Round table talks on revenue laws were the features of the day.

Springfield, Ill., Feb. 4.—A permit was issued today for organization of the International Trust and Savings Bank of Chicago with a capital stock of \$200,000.

## ALASKA COAL LAND CONSPIRACY TRIAL

**CORRESPONDENCE BEARING ON CASE  
INTRODUCED BY PROSECUTION**

Prosecution / Attorneys Seek to Show That Defendants Knew They Could Not Without Passage of New Law, Acquire Patent to Coal Claims Alleged to Have Been Entered for Them by "Dummies."

SEATTLE, Wash., Feb. 4.—For the purpose of showing that the defendants in the Alaska coal land conspiracy trial of W. H. Munday and Archie W. Shields knew that they could not, without passage of a law by congress, acquire patent to the coal claims which are alleged to have been entered for them by "dummies," the prosecution today introduced correspondence between Algeon H. Stracey, brother of Sir Edward Stracey and manager of the Pacific coal and oil company and A. C. Frost of Chicago who was the head of a company seeking title to Alaska coal lands. Writing to Frost under date of November 28th, 1905, Stracey said:

"I was very sorry to have missed you when you were in Seattle, as I particularly wished to take up certain matters in regard to the existing coal laws of Alaska with a view to making arrangements whereby we could defray the cost between us of having the inclosed bill properly placed before the senate so that it would be sanctioned by the house. Your company and ourselves, I think are the only parties who are sufficiently interested in this matter to see the bill properly pushed along and I think you will agree with me that if we can get it passed it is going to be of great assistance to us in getting the coal fields up quickly and insure our being able to get title."

"The land office rules that an assignee cannot issue a permit to more than one coal company."

"On this point our attorneys are of the opinion that the land office would be overruled by the courts but a test case would take too long to get a decision on and also be very costly, so it appears to us the simplest remedy is to try and get the inclosed bill passed which will cover all the points we require. I think we should have no trouble to get this bill passed, having it get into the right channel at Washington."

Frost from Chicago to Stracey agreeing that it would be desirable to pass the bill and adding:

"The question is getting a man who could look after it and get it through. I have good friends in both house and senate who would be willing to help me if they could but they would require a great deal of work in following a bill like this through committees which would necessitate employing a man with ability and influence."

Stracey wrote to Frost, recommending that defendant Munday as the man to look after the bill and adding:

"He is personally interested in coal in Alaska. He is also sufficiently influential to get the bill into the proper channel at Washington."

The bill, which according to land officials would have resulted in speedy patent of all the Alaska coal claims, was not passed.

Burdett T. Townsend, assistant to Attorney General McKreynolds announced just before the adjournment of court today that the government would close its case by noon tomorrow.

## AUTOPSY REVEALS FRACTURED SKULL AND BULLET HOLE IN HEART

CLEVELAND, O., Feb. 4.—A fracture of the skull and a bullet hole in the heart revealed by an autopsy set aside doubt as to what caused the death of Robert E. Mercer of Pittsburgh, whose body was dug today from a shallow grave in the basement of the city hall which is under construction. Mercer had been a timekeeper for the construction company. He disappeared Dec. 31st. Mrs. Jennie R. Mercer, mother of the young man, believes her son was murdered. Mercer's watch, diamond stud and diamond studded cuff links were found on the body. No money however, was found.

## BATTLESHIP NORTH DAKOTA IS PLACED IN QUARANTINE

NEW YORK, Feb. 4.—The Battleship North Dakota with its more than eight hundred officers and men, has been placed in quarantine at the Brooklyn navy yard where the vessel has been undergoing repairs. Official announcement was made at the yard today that one case of diphtheria was discovered on board last night. The dreadnaught Arkansas has been under quarantine at yards since January 6th. It is stated officially that three men suffering with diphtheria have been taken from this ship these cases having developed within the last few days.

## UNABLE TO PASS BILL.

Washington, Feb. 4.—With Representative Robert Brenner of New Jersey at the point of death in Baltimore, his friends in the house failed in an effort to secure the passage of a measure which the dying man fathered, creating a bureau of labor safety in the department of labor. When objection was made the bill went back on the calendar.

## SEVEN WOMEN AMONG CANDIDATES.

Chicago, Feb. 4.—Women who registered for the first time yesterday in expectation of voting in the aldermanic primaries and in the April election rejoiced today when they were told that there was small likelihood that the state supreme court would decide the suffrage test case before the April term.

Although leave was given the appellants in the case of Scow against the election commissioners to file their brief attacking the validity of the act the defendant was allowed the usual twenty days in which to answer. That was pointed out by friends of the suffrage act that there could be little time for oral arguments which alone could make probable a decision by the upper court before the spring elections.

## Seven Women Among Candidates.

Seven women are among the 200 candidates to enter the aldermanic primaries to be held on February 24th. The time for filing petitions expired tonight. It is said that several women plan to enter the race for alderman as independent candidates after the primaries have been held. The seven women who will contest for party nominations are two Democrats, two Progressives and three Socialists. The Socialist women have no opponents.

## BIRMINGHAM EDITOR LOSES SENATORSHIP

**GLASS LOSES FIGHT FOR SEAT IN  
U. S. SENATE BY ONE VOTE**

By a Vote of 32 to 31 the Recommendation of the Committee on Privileges and Elections is Sustained—Debate is Spirited and at Times Bitter.

WASHINGTON, Feb. 4.—By a majority of one vote—32 to 31—Frank D. Glass of Alabama, editor of the Birmingham News, lost his fight for a seat in the United States senate late today. The vote sustained the recommendation of the committee on privileges and elections which held that Mr. Glass was not entitled to be seated because his appointment by Governor Joseph F. Johnson was made after the seven-year constitutional amendment declaring election of senators by the people had been proclaimed in full effect.

Spirited and at times bitter debate marked the close of the case, the second which the senate has settled involving interpretation of the constitutional amendment. Senator Blair Lee of Maryland who was seated a few days ago on recommendation of the elections committee made his maiden speech in favor of Mr. Glass and later cast his vote for him.

In the face of determined opposition from the majority members of the committee headed by Senator Kern, the champions of the Alabama proceeding from a forlorn hope, made remarkable progress in gaining votes and the narrow margin by which they lost the fight created great surprise.

It became apparent in the last few days that Governor O'Neil's appointee had been gaining strength but that he would come so close to success had not been contemplated by the opposition until the last hours of the controversy. Then it was that Senator Walsh of Montana who wrote the majority report in a closing plea appealed to his colleagues to cast aside personal esteem and friendship and to consider the case from a legal standpoint only. To realize that they were making history and that a precedent might be established upon which the will of the people might be overturned in future emergencies, in spite of the committee's report only eight Democrats voted to deny Mr. Glass his seat. They were Kern, Hitchcock, Johnson, Lane, Pomeroy, Shively, Thompson and Walsh. Five Republicans, Bradley, Chilton, Fall, Perkins and Stephenson voted with the minority.

Senator Clapp of Minnesota who had signed the minority report favoring Mr. Glass proved eventually to be the undoing of the Alabama appointee. He previously had announced that he would vote to seat Mr. Glass but late today in a brief speech he said he had become convinced that his original interpretation of the case had been erroneous.

## FIVE PERSONS LOSE THEIR LIVES IN HOTEL FIRE

KELLEHER, Minn., Feb. 4.—Five persons are dead and seven seriously injured as the result of a hotel fire here today. None of the bodies of those who lost their lives, had recovered late tonight. The injured probably will recover with the possible exception of Willie Abraham, an employee of the hotel whose back was broken. George Gunderson, proprietor of the hotel discovered the building was on fire. He rushed to a second story room occupied by his wife and two of their children, 5 and 13 year old. Finding them unconscious from smoke he broke a window and dropped them to the ground. Gunderson then followed. His 16 year old son dropped from a third story window.

## DRAMA LEAGUE GAVE DINNER AT PEACOCK INN WEDNESDAY

Mrs. A. Starr Best, the Expected Guest Unable to be Present—Mrs. F. J. Heim Explained Purposes of the Center.

Members of the Jacksonville Center of the Drama League gave a dinner Wednesday evening at the Peacock Inn. Although it was a keen disappointment that Mrs. A. Starr Best of Chicago, who was to make an address, could not be present, the occasion was nevertheless one of great pleasure. Mrs. Best, who is a leader in the drama organization, has been planning for some time to visit the centers in Springfield, Decatur, Danville and Jacksonville, had accepted the invitation to be in this city last evening. She started from Chicago yesterday morning on the Alton but left the train at Mason City to return home in response to a telegram requiring her presence there as quickly as possible. It is understood that the sudden illness of a member of the family occasioned the telegram. A company of eighty gathered in the assembly room at the Peacock Inn and at 7 o'clock the dinner was handsomely served. The beautiful floral decorations added greatly not only to the beauty of the tables but to the whole room as well. In the absence of Mrs. D. W. Reid, president of the Jacksonville Center, Mr. Worthington presided. Mr. Worthington explained the absence of Mrs. Best and then asked Mrs. F. J. Heim to tell something of the work of the league and of the purposes of the play committee of which she is a member.

Mrs. Heim in a very forceful way pointed out the purposes of the league and made clear some of the problems which are presented to a play committee in their efforts to secure information about attractions which have been booked locally. The committee has sought to work in accord with the opera house management believing that the desired ends can be best attained by refraining from assuming to criticize or attack. When League Centers are more generally organized it will be possible by inter-communication of cities to get desired information much more readily than is now true and a bettering of theatre standards is almost certain to follow. Mrs. Heim also spoke of the arrangements which have been completed for the appearance here of an English Repertory Co. and the Irish players at early dates. Subsequently Dr. J. G. Ames told something of the personnel of the two companies which are coming. Both speakers were heard with interest. Mr. Worthington spoke briefly upon the importance of the work which the Drama League is doing and after his remarks the company spent a short time socially.

## FOUND OLD COPY OF THE JOURNAL

Issue of October 10, 1861 Contains Names of Well Known Citizens.

Walter Blue has left at the Journal office a copy of the Journal of Oct. 10, 1861, and it contains many names prominent in the history of the city and county. To one who came here in 1864 it is remarkable how many names are strange to him. D. M. Knowles was a wholesale dealer in beer, wines, liquors and family groceries; A. Bulkley, agent for Grover and Baker sewing machines; A. B. Dawson and B. Lewis, attorneys; Bradley & Watkins, makers of bedsteads; C. D. Roberts, agricultural seed store; Wm. VanWinkle, provision store; Wolf, dry goods; Henry Rice, merchant tailor; Charles Hardin, clerk; are among those not here in the fall of 1864.

Turning from them we come to the names familiar to one who has been here almost half a century: D. D. Rawlings, clothing; W. C. Woodman, dry goods, where Obermeyer and Son are located; W. K. Dewey, dry goods, boots and shoes, where J. P. Brown and French and Son are now; A. S. McDonald, new depot; A. & C. McDonald, dry goods, carpets, clothing, etc., where Knoles' clothing store is; J. Kibbe, on the corner occupied by Keating's lunch counter; Weil's clothing house, where now is the Stock Exchange; R. Hockenbuhl, druggist. The latter advertises Trefello, the secret of beauty, used by Marie Antoinette.

Large space is given a speech by Gen. Murray McConnell at Winchester. One paragraph is quoted:

"Why, Murray, you'll be read out of the party, says one. Oh, poor wretch who can't forget his party for a little while when his country is on the brink of ruin. As true as God is God a man is no Democrat who is not in favor of supporting his government at all hazards and at all times. I pray that I may not go down to the grave until our glorious flag shall float on the chain of states from one end to the other. Great anxiety was felt regarding the attitude of England, especially and some other countries of Europe. The fact was, the hereditary monarchies and aristocracy of the old world didn't want our government to be victorious for they feared the success of republican principles."

## DOKAYS LAY PLANS FOR BIG CEREMONIAL FEB. 24.

Committees Appointed at Regular Meeting of Order Wednesday Night—Large Attendance Expected.

The drill team is in fine trim, the committees have been appointed and all indications are good for a rousing big ceremonial, Tuesday evening, Feb. 24, when Castle Hall will be in festive array for the reception of Ildefonso Temple, No. 62, Dramatic Order Knights of Khorassan. Plans for the ceremonial were made at the meeting of the order Wednesday evening, and committees were appointed to have the affair in charge. A campaign for membership is in progress and a number of Dokays' from out of the city are expected, giving promise of a ceremonial which will be a red-letter event in D. O. K. K. annals.

Committee in charge of membership campaign is headed by DeMotte Gates and consists of Charles R. Knollenberg, Tilmann Stout, Henry Lindeman, G. B. Andre, E. E. Haffield, E. D. Pyatt, John S. Sheppard, John E. Hall and H. P. Obermeyer. The refreshments will be provided by A. R. Taylor assisted by J. F. Kellogg and Ed Tendick. John Kearns, assisted by a committee of his own choosing, will attend to the music and L. B. Turner, G. E. Doying and Jay Rodgers will prepare and send the invitations. Special wiring for the occasion will be in charge of G. A. Steier, G. A. August, Thos. Hughes and John Kastrup will see that the hall is fittingly decorated. Ralph I. Dunlap will act as master of ceremonies.

The affair will be open to all members of the order and their lady friends and the enthusiasm manifested already with regard to the ceremonial promises an all round good time for Tuesday, Feb. 24.

MI-O-NA QUICKLY

ENDS INDIGESTION

Do not continue to suffer with indigestion or dyspepsia causing heartburn, dizziness, after-dinner distress, headache, biliousness, pain in the bowels, or sour and gassy stomach. Get effective and lasting relief at once. Buy from any druggist—today—a fifty cent box of Mi-o-na Tablets. They quickly and surely end indigestion and stomach distress—are pleasant to take and perfectly harmless.

Mi-o-na is one of the most dependable remedies for disordered stomachs. It heals the sore and inflamed membranes and is not only a digestive and antacid giving prompt and effective relief, but is a tonic that tones up and strengthens the entire digestive system—the flow of gastric juices is increased, then the food is properly digested and assimilated—you enjoy robust health. Why suffer stomach distress another hour? It is not only needless but may be dangerous—many serious diseases are the result of neglected stomach ills.

Do not delay—get a box of Mi-o-na today, take them as directed, and if you are not entirely satisfied with results—money refunded.—Adv.

## Weihl's Midwinter Sale!

### THE PURCHASE OF TAILORED APPAREL

is like any other purchase—it does not pay to skimp quality. There is no satisfaction in owning an inferior suit of clothes—no pride of possession. You know, and so does any one else familiar with clothes, that it possesses no marks of individuality.

Quality demands a fair purchase price. When a suit or overcoat is offered at a ridiculously low price, you may be assured that they are not clothes you would care to own; that however absurd the sum you pay, you are not receiving fair value for it.

We carry the finest grade of woollens obtainable, and we offer the most reasonable prices possible, quality considered.

## OPERA HOUSE BLOCK PASSES TO NEW HANDS

FLETCHER HOPPER AND HARRY  
HOEMANN NOW PRINCIPAL  
OWNERS.

Contract For Extensive Real Estate Deal Was Signed Wednesday—Jacksonville Men Expect to Keep Building as Permanent Investment and to Make Improvements.

Once more the Grand Opera house building has changed hands, a contract for the transfer of the property to Fletcher Hopper and Harry Hoemann of this city and A. G. Sutton, a non resident, having been signed yesterday. It is understood that the three men named have equal interests in the building and that they will secure possession February 21.

Warren W. Parish of Kansas City a member the Parish-Short Investment company of Kansas City has been in Jacksonville for several days considering the matter and he and the new owners reached an agreement yesterday when the contract was entered into. Mr. Parish is understood to have been the owner of the building for several months although the title was vested in Michael Dore of Kansas City. F. W. Sibert was the local agent appearing in the deal.

Messrs. Hopper and Hoemann it is understood have acquired the building with the intention of keeping it and making various betterments in both the theatre and the hotel. Their plan is to operate the business themselves through a manager and if one may judge by the success these young men have had in other lines they will increase the already satisfactory business done at the opera house in both departments.

The opera house property cost originally more than \$100,000 but with changing ownerships through the years has been kept in the best of condition and the value has been somewhat lessened. In fact in the last five years there have been so many changes of ownership that it has been a difficult matter to know from time to time just who has held the title to the building. It is gratifying to know that finally Jacksonville people have acquired the property with the intention of retaining it as a permanent investment and making improvements.

Mr. Hopper and Mr. Hoemann both of whom are identified with substantial local business firms have been operating as partners for several years past in various enterprises and have succeeded to a very marked degree. H. L. Hunt who has built up the business of the opera house extensively since he became manager has not made known his plans for the future but it is understood that he will retire shortly after the change in ownership becomes effective.

### CITY COUNCIL MET.

Little Business Transacted at Adjourned Session.

The city council met in an adjourned session Wednesday morning. The purpose of the meeting was to hear a report from a representative of the Willis Shaw Machinery Co., of Chicago, who wished to make a proposition for the sinking of a large well on the Widenham & Daub land. A message however from the company stated that their representative could not be here until next Monday. Bids for the city printing contract were opened and action was deferred until the regular Monday session. At this session the Tax Levy ordinance will also probably have consideration.

## ATTORNEYS CLAIM DOCUMENTS INTRODUCED ARE FORGERIES

Efforts to Settle Holyoke Estate Bring Charges of Forgery.

Los Angeles, Feb. 4.—Charges of forgery were made today in court by attorneys representing Misses Majorie and Madeline Holyoke of Bangor, Me., heirs to the \$500,000 estate left by their uncle, Frank H. Holyoke, when Cora M. Holyoke, widow of the Maine lumber man took the stand and presented documents involved in the contest of her husband's will.

The documents were an order on the executors of the Holyoke estate to pay Mrs. Cora Holyoke \$5,000, a letter to Mrs. Holyoke expressing contrition for having conspired to make her appear wanton; and a note of instruction to Edwin F. Hahn of Pasadena, one of the executors to withdraw from the records of the courts in Maine and California all papers "detrimental to the character of Mr. Holyoke. All were dated August 9, 1911, the day after Holyoke made the will now under contest by his son, Sidney Archibald Holyoke of Milwaukee. In the will Holyoke cut widow off with \$1,000 and declared she received \$5,000 additional in a property settlement. As soon as Mrs. Holyoke had identified the signature on each of the documents as that of her late husband, attorneys for the executors and the principal heirs, the twin daughter of Caleb Holyoke rose and loudly announced:

"We unquivalently declare that each and every one of these documents are forgeries."

The identification of the disputed documents were preceded by the testimony of H. C. Young, chauffeur of Bangor, who said he had received papers from Holyoke in August, 1911, with instructions to deliver the letter addressed to Mrs. Holyoke, six months after his death and the order instructing his executors to pay her \$5,000 a year after his death. Young testified he observed the injunction in regard to the letter but delivered the order for the \$5,000 payment before the expiration of nine months.

### Contest Bailey Will.

White Plains, N. Y., Feb. 4.—The trial of the suit in a contest over the estate of the late James A. Bailey, who was the partner of P. T. Barnum in the circus business was begun in the supreme court here today. Mrs. Anna Isabelle Hutchinson of Bridgeport, Conn., sister of the late widow of Bailey is the contestant. The estate is said to be worth about \$4,000,000.

Bailey left his property to his widow under whose will Mrs. Hutchinson receives an annual income of \$10,000. The plaintiff alleges undue influence was exerted over her sister by relatives and an executor of the estate.

### SOCIAL EVENTS.

The Caritas Girls' club held its February meeting Tuesday evening at the home of Miss Ethel Wilbert, 818 South Clay avenue. The membership of the club was well represented and the social season which followed the preliminary business, was enjoyable in the extreme. At a late hour refreshments were served which carried out the idea of Washington's birthday.

## CONSTRUCTING "FLYING BOAT" IN WHICH TO CROSS ATLANTIC

Wanamaker Lets Contract For Craft in Which It is Hoped to Cross Ocean Without Alighting.

New York, Feb. 4.—To cross the Atlantic in from 12 to 15 hours without alighting is the task set a "flying boat" for which Rodman Wanamaker has let the contract, according to correspondence published here tonight by Allan R. Hawley, president of the Aero Club of America.

In a letter to Mr. Hawley, Mr. Wanamaker says that the purpose of the undertaking is to make "a purely scientific test" of aeroplanes and to provide an argument for world peace in so far as the success of the craft would show that dreadnaughts might be futile in the future.

It had been learned that in a general way the "Wanamaker Flyer" will resemble a hydroplane but that a tract or screw in front of the machine will be used instead of the usual propeller. Its hull will be of torpedo or steam-luge shape and so constructed that an enforced landing on the water will be safe. A motor of 200 horse-power will supply motive energy and the wings of the craft will have a spread of about 80 feet with a lifting surface of nearly 1,200 square feet, it is said.

While no date for the completion of the machine has been announced it is understood that work on it has been in progress for some time. Lieutenant John H. Tower, U. S. N., and Lieut. Porte, an English flier are mentioned as the possible operators of the craft.

### DENIES RESIGNATION.

St. Paul, Minn., Feb. 4.—"I have no intention of resigning the presidency of the Great Northern railroad."

This was the only comment Carl R. Gray made tonight regarding rumors in business and financial circles here that he soon would resign as president of the Great Northern to become connected with the New York, New Haven & Hartford railroad.

W. H. Malone, of Chicago, spoke against the attempt of Governor Dunne to abolish the state board of equalization.

John L. Pickering, internal revenue collector for the eighth district was present and answered all questions that all treasurers, equalizers and spectators had to ask, about the income tax law.

## FRIENDS LEARN OF SECRET WEDDING

Young People of Manchester Give Clue at Sunday School By Taking Their Place With the Married Couples' Class.

The many friends of Mr. Dorsey Lee McPherson and Miss Dora Bernice Aldred of Manchester will be surprised to learn that they were married last Saturday evening by Rev. Newton Antrous of the Baptist church. The young people came to Jacksonville and secured their license. It is understood that they intended to keep their marriage a secret for several days, but a little act of unthoughtfulness last Sunday morning at the Sunday school of which they are attendants, gave their friends a clue to the marriage. When the classes were called to assemble, the bride instead of going to the young ladies' class and the groom to the young men's class, both took their places in the married couples class. Their friends at once suspected something, and even at that it took a little time to find out the real truth in the matter.

The bride is the step daughter of Henry Alfred and the groom the son of Mr. and Mrs. Fred McPherson, both families residing about three miles east of Manchester. Both are estimable young people and will have the best wishes for a happy married life. They will reside on a farm.

## STUDENTS INJURED WHEN BLEACHER SEATS COLLAPSE AT MICHIGAN

EAST LANSING, Mich., Feb. 4.—Several students of the Michigan agricultural college were severely injured tonight when the collapse of the bleacher seats at the college armory threw about 500 of them to the floor in a heap. The accident happened just at the start of the basketball game between the Aggies and Notre Dame which the Aggies won by 44 to 22.

A few minutes after this accident a rope by which a bundle of chairs were being lowered from the balcony to the main floor of the hall broke and the load fell upon a group of women students. Half a dozen of the women were cut and bruised about the head and shoulders.

### YATESVILLE.

Rev. Mr. Zerby filled his appointment at Berea Sunday.

Mr. and Mrs. William Hall and daughter, George Decker, wife and son of Litterberry spent Sunday with their grandfather, William Taylor, of Prentice.

Edith Yancy spent Saturday and Sunday with Luceta Stice and attended a party at William Irvin's.

Frank Farmer and family of Prentice spent Sunday, the guest of his father, Gordon Farmer.

Robert Bennett and his niece, Frankie McDaniel, spent last Wednesday with Samuel Koontz and wife near Ashland.

The Ladies' Aid of Berea will meet with Mrs. Harrison Robinson Thursday, Feb. 5th. All are invited.

A good number of the young people went to the home of William Irvin, where they were entertained with music given by Roy and Coy Stice, Edward Newall and Harry Shurtliff. Games were played, apples, pop corn and doughnuts were served during the evening. All had a good time.

### WILL PREFER CHARGES AGAINST CAPT. BERRY

Norfolk, Va., Feb. 4.—Captain Robert P. Tapley, steamboat inspector for this district announced tonight that he will tomorrow prefer charges against Captain Osmyn Berry of the Merchants and Miners Steamer Nantucket, which rammed and sank the Old Dominion Steamer Monroe last Friday morning causing the loss of 41 lives. Captain Tapley said he would charge negligence and misconduct on the part of Captain Berry in operating the Nantucket. He said the charges would be sent to Washington for transfer to the Philadelphia inspectors before whom the case will be tried.

### NO CREDENCE GIVEN REPORT.

Madrid, Feb. 4.—No credence is given here to rumors circulated abroad that an attempt had been made on the life of King Alfonso. The king has recently been staying at Seville and despatches from that city filed later today said that the king was in excellent health and had gone to his fox hunting estate near by.

### NOMINATION CONFIRMED.

Washington, Feb. 4.—The nomination of Col. George Goethals to be governor of the Panama canal was confirmed by the senate today. The appointment will become effective on April 14, 1914, with President Wilson's order creating a permanent civil government for the canal zone.

### 450 KILLED BY FIRES IN

STATE IN 1913

Marshall's Report Shows Total Property Loss of \$13,550,448, Much Heavier Than Year Before.

Illinois fires cost 450 lives and caused property damage aggregating \$13,550,448 in the year of 1913, according to the annual report of the state fire marshal's department, prepared by Acting State Fire Marshal Walter H. Bennett to State Insurance Superintendent Rufus L. Potts.

The fire loss shows an increase of over \$2,000,000 more than the loss of 1912, the previous year. The 1912 loss reported by the state fire marshal, however, was incomplete, owing to the fact that the system for securing adequate reports had not been perfected, and the 1913 report declares that the loss in that year was, according to the belief of the fire marshal, less than the 1912 loss.

Over one hundred unknown persons, or persons whose names were not reported to the fire marshal's department, lost their lives by fire, while 348 fire victims were identified. There were few fires causing great loss of life. The destruction of the W. D. Lasterer home at Brownings, Schuyler county, early in the winter in which Mr. and Mrs. Lasterer, their son, and three grand children were burned to death; and the loss of six lives in a fire which destroyed the Albert Colburn home at Lawrence, McHenry county, September 7, were the most disastrous. In all, 54 persons were burned to death in burning buildings.

### 49 Victims of Bon Fires.

Bon fires claimed forty-nine victims whose clothing were ignited from the flames. Thirty-two persons were burned to death by gasoline; four were cremated by explosions of gasoline stoves; four met death by burning from explosions of stove polish; twenty-six were killed by fire starting from lighting fires with kerosene, and thirty-four died from burns received when their clothing became ignited from stoves. Carelessness with matches caused the cremation of thirty-seven, four were burned to death in railroad wrecks, and five were burned to death by fires starting from fire crackers. These were the chief causes of deaths from burning. Of the total of 450 victims, 259 were residents of Chicago.

Fires started by lighting caused the greatest damage from any known cause, the fire loss from this source aggregating a total of \$1,104,693. There were 419 fires from lightning in the course of last year. Lightning caused two of the biggest fires of the year—the Globe distillery blaze at Pekin, entailing a loss of \$250,000, and the Tri-City car barns fire at Rock Island, which caused a loss of \$225,000. Two other big fires, the destruction of the Ford manufacturing plant at Vandalia, with a loss of \$500,000, and the Dayton Tablet factory fire at Quincy with a loss of \$300,000, served to increase the total over that of 1912.

Of the total number of fires, 8,432 in all, 3,297, causing losses of \$5,140,253, were in Chicago and 5,225 causing a total loss of \$8,526,055, were down state.

**Big Loss From Incendiarism.** Incendiarism, held responsible for 311 fires, caused losses approximating \$400,000, and led to 124 arrests by deputies from the state fire marshal's office. Of these cases, 59 are yet pending. Ninety-two indictments charging conspiracy to defraud, arson, and burning to defraud insurers were returned by grand juries, and forty-six convictions were secured.

Fourteen persons charged with arson were acquitted, ten confessed and in five cases trial juries disagreed.

Fires of unknown origin numbered 2,637 and causes losses aggregating \$3,076,656. Flying sparks caused the greatest number of fires of known origin with a total of 917, and losses aggregating \$800,000.

November was the month of the greatest number of fires with a total of 872, while October had the least number of fires, 583.

### Many Buildings Inspected

In the course of the year the fire marshal's department inspected 6,064 buildings in the cities of Elgin, Carbondale, Murphysboro, Kankakee, Alton, Rock Island, Cairo, Quincy, Joliet, Moline, East St. Louis, Peoria, Galesburg, Litchfield, Alledo and Sterling recommending changes for the prevention of fires to the number of 1,000. Of the recommendations 114 have been carried out, according to reports received by the fire marshal.

The department has been without a marshal for practically the entire year. Marshal Bennett having been only recently appointed. Assistant Fire Marshal A. R. Morgardidge has been acting marshal the greater part of the year.

The expense of operation of the department does not fall upon the taxpayers, but is derived from special funds assessed against fire insurance companies. With the marshal, assistant marshal, twenty-nine deputies and chief deputies, four stenographers, and one statistician, the expense of operation of the department for the year ending Dec. 31, 1913, was \$62,650.85. The department had a balance of \$49,281.70 at the close of the year. One chief deputy, a second deputy, nine deputies, and two stenographers of the force are employed in the Chicago office.

### OPPOSE COLD STORAGE BILL.

Washington, Feb. 4.—With a view to ascertaining the opinions of those most closely concerned, the house committee on interstate and foreign commerce today began a series of public hearings on the McKellar cold storage bill, which proposes to limit the time of storage of perishable commodities from two to six months. The cold storage interests and the produce merchants of the country are protesting vigorously against the measure. It is claimed that its enactment will discourage production, destroy the collateral value of perishable products and be detrimental to the consumers in the end, because cold storage warehouses are necessary not to regulate prices and are used to store goods in times of overproduction to meet the necessity of time of a short supply. Norway, Sweden and other foreign countries have also protested through the state department against the provisions of the bill, alleging that it would seriously embarrass their trade with the United States in salt and preserved fish.

### THREE LITTLE BATS.

By Edith V. Adams.

Three little bats set out to sail  
On the crest of a blowing gale  
To the Moon  
In a silver spoon.

Three times 'round it they sailed to see  
Just what the Moon could really be.  
They found it a garden, where yellow flowers grew  
Roses, and cowslip and tall golden glow!

And out of each flower, into the sky  
A moon beam rode on a butterfly!

Now you'd see the same if you would sail  
On the crest of a blowing gale  
To the Moon  
In a silver spoon.

### MISS BLACKBURN TELLS ABOUT CHRISTMAS IN BULGARIA

Girls Remained at the School During the Vacation—Political Conditions in Far Away Land are Discussed.

The following letter was recently received from Miss Kate Blackburn, who is a missionary in Lovetch, Bulgaria. Miss Blackburn tells something about Christmas observance at the school with which she is connected and about political conditions in Bulgaria:

"We had a few days' vacation for the Bulgarian Christmas, but the girls did not go home. We tried to give them as much pleasure as possible here and I think they had a truly happy time. They had a little fir tree given them by the city forster. This, the girls trimmed. They also prepared a very nice program for the occasion. Of course, there was supervision by teachers, but we have found that the girls enjoy it more when they have more of the work to do. Each girl was permitted to spend a sum equal to four cents—no more—for a gift to a schoolmate. They drew lots to see to whom to give and in this way every girl had one gift from another girl and there was no partiality. We teachers contributed a few sweets, cards, etc., and the girls enjoyed the whole thing immensely, and there was very little expenditure of money. Our local Epworth league and Sunday school have done bravely in relieving suffering among the local poor."

Political conditions in Bulgaria just now are much complicated. There were elections held in November, but so many political parties appeared on the field that no one had a majority of delegates, neither were any willing to combine. Result: Assembly dissolved without transacting any business and no one knows what to expect next. By the time this reaches you there may be an entirely new phase to the situation. The "peace" established in the Balkans is very "shaky" to say the least. Many are saying they are tired of living on a volcano and hence are leaving the Balkan. This is a play on words, for the Bulgarian word for volcano is vulkair.

Worse things than ever are predicted for spring, but we shall not cross the bridge before reaching it. It will not be strange, however, if medical authorities prove right in predicting a fresh outbreak of cholera when warm weather comes.

Influenza is doing its work now. To be frank, I have been under its influence for a week myself. Have not been in bed, but have kept up by force. Am feeling better now. Quite a heavy snow fell yesterday. The price of wood is exorbitant. The poor can ill afford to buy it, but there is no other fuel in Lovetch. Our girls are doing unusually good work in school this year and we are deeply grateful for their progress in all lines.

This letter is long enough and I must close."

**MERCHANTS GO TO SCHOOL.** Minneapolis, Minn., Feb. 4.—What is believed to be the first school for merchants ever conducted in this country was opened today under the auspices of the extension department of the University of Minnesota. The course is modeled after the short courses conducted in the various states for the farmers. The instruction will be carried over a period of five days and will embrace lectures by experts on important questions connected with the buying, selling and displaying of goods. Salesmanship, store management, pricing, advertising, window trimming, store accounting and methods of meeting mail order competition are some of the subjects that will be dealt with in the lectures.

### CORN SHOW READY TO OPEN.

Dallas, Texas, Feb. 4.—All arrangements are practically completed for the opening of the sixth national corn show in this city next week. The exhibits already in place give assurance that the exhibition will be the largest and most representative of its kind that has ever been held in the United States. Though corn and corn products will form the bulk of the exhibits there will be interesting displays of many other varieties of farm products.

A majority of the states have responded to invitation to make exhibits at the show. Practically all states of the south and middle west will have displays. Many of the states of the far west will be represented for the first time. Idaho will be represented with a wool display, and Wyoming will show some methods of dry farming that were originated in that state. California will exhibit some of her choicest products of the garden, orchard and vineyard, and Arizona, Nevada and Utah will show the wonderful results accomplished by irrigation.

### OPERA HOUSE TONIGHT.

### HOODS AND SOCKETS

PLACED IN THREE WARDS

Work of Installation is Being Pushed Rapidly—Regulator Will Probably Be Received Today.

The hoods and sockets which are to be used in the city's Tungsten lamp lighting system have been placed in position in the 1st, 2nd and 3rd wards. The work of installation in the 4th ward has been started and by tonight it is the expectation that all the 200 hoods and sockets will be in position, the work having been pushed along very rapidly. A telegram yesterday stated that one of the regulators had been shipped and it should be received today. If it is received an expert will be here tomorrow to place it in position. This work will not be extensive and it is reasonable to expect that 20 lamps will be burning on the streets by Sunday or Monday night. As before stated the work of putting in new lamps is not to stop with the 200, as an aspect that 200 lamps will be burned and the work of cutting in on the wires and placing these lamps will be speedily under way. It is worthy of note that the bills on file at the city hall show that the rewinding of the armature on the generator has cost \$153.20. The estimated cost made for the city was \$155 although there were various stories current that this work for the city would cost about \$2,000.

### DOMINION'S ROYAL COMMISSION.

London, Feb. 4.—Having completed the consideration of their report on Australia and New Zealand, the dominion's royal commission, of which Sir Edgar Vincent is chairman, will sail next Saturday for South Africa to take evidence there. The commission expresses itself as well satisfied with the progress it has made thus far in gathering information on the great question of empire development and organization. In Australia particular investigation was made on the subjects of immigration and the labor problem and the data obtained is expected to be of value when the same problems are investigated in Canada and other parts of the empire.

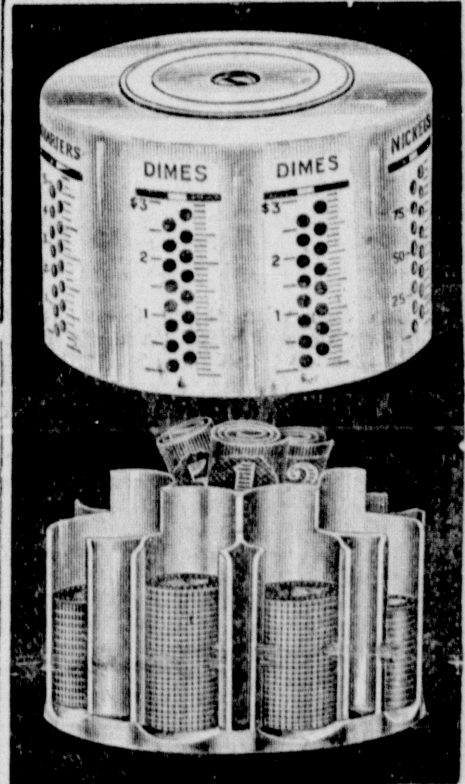

In South Africa the commissioners will hold sessions in Cape Town, Durban, Johannesburg and one or two other centers. They expect to return to London in June. In July the commission will proceed to Canada, and, after taking evidence will return in November to complete its Canadian report.

### BIG PROFITS FROM CAR RENTAL.

Chicago, Ill., Feb. 4.—Large profits are being derived every year by the Pittsburgh Coal Car Company from the rental of freight cars to railroads, according to a charge made by George P. Boyle, attorney for the Interstate Commerce Commission, at a hearing today before Special Examiner Settle relative to the affairs of private car companies. Mr. Boyle declared that the equipment is rented by the Montour Railroad, which is owned by the coal company, and that the basis of payment is 45 cents per car per day.

"The Pittsburgh Coal Car Company formerly rented its equipment through a subsidiary concern known as the Pittsburgh Coal Car Company," said Mr. Boyle. "The rental was based on a mileage system and amounted to about 20 cents per car per day. In order to increase its revenue the coal company sold the cars to the Montour railroad, another subsidiary, which operates about fifteen miles of road. The Montour line is a member of the American Railway Association and under the rules of the latter organization is entitled to receive 45 cents a day from each car used by other carriers."

## EAT CABBAGE, FISH, SAUSAGE-NEW BREAD

No Indigestion, Gas, Sourness or Upset Stomach if you'll take "Pape's Diapiesin"—Try This!

Do some foods you eat hit back—taste good, but work badly? (Time into your lumps and cause a sick, sour, easy stomach? Now, Mr. or Mrs. Diapiesin, get this down: Pape's Diapiesin digests everything, leaving nothing to sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is disordered you will get happy relief in five minutes, but what pleases you most is that it strengthens and regulates your stomach so you can eat your favorite foods without fear. Most remedies give you relief sometimes—they are slow, but not sure. "Pape's Diapiesin" is quick, positive and puts your stomach in a healthy condition so the misery won't come back.

You feel different as soon as "Pape's Diapiesin" comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eructations of undigested food, your head clears and you feel fine. Go now, make the best investment you ever made, by getting a large fifty-cent case of Pape's Diapiesin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder.—Adv.

### QUICK RELIEF

**FOR RHEUMATISM.** George W. Koon, Layton, Mich., says: "Dr. Detchon's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, had to be lifted for two months. She began the use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dressed herself and walked out for breakfast." Sold by L. P. Abbott, druggist.—Adv.

### PIMPLY! WELL, DON'T BE!

People Notice It. Drive Them Off With Dr. Edwards' Olive Tablets.

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Olive Tablets. Dr. Edwards' Olive Tablets are the successful substitute for calomel—there's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil, you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. The Olive Tablet Company, Columbus, O. All druggists.

## RUB RHEUMATISM PAIN FROM SORE ACHING JOINTS

Rub Pain Right Out of Joints and Muscles With a Small Trial Bottle of Old St. Jacobs Oil.

Rheumatism is "pain only." Not one case in fifty requires internal treatment. Stop drugging! Rub soothing, penetrating, St. Jacobs Oil directly upon the "tender spot" and relief comes instantly. "St. Jacobs Oil" is a harmless rheumatism cure which never disappoints and can not burn or discolor the skin.

Limber up! Quit complaining! Get a small trial bottle of "St. Jacobs Oil" from any drug store and in just a moment you'll be free from rheumatic pain, soreness, stiffness and swelling. Don't suffer! Relief and a cure awaits you. "St. Jacobs Oil" has cured millions of rheumatism sufferers in the last half century, and is just as good for sciatica, neuralgia, lumbago, backache and sprains.

### Recognized Advantages.

You will find that Chamberlain's Cough Remedy has recognized advantages over most medicines in use for coughs and colds. It does not suppress a cough, but loosens and relieves it. It aids expectoration and opens the secretions, which enables the system to throw off a cold. It counteracts any tendency of a cold to result in pneumonia. It contains no opium or other narcotic, and may be given to a child as confidently as to an adult. For sale by all dealers.—Adv.

### OLD TIME COLD CURE—DRINK TEA

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once. It is inexpensive and entirely vegetable, therefore harmless.

## BROOKLINE CITIZEN BENEFITS BY THE STRATHCONA WILL

Income of \$125,000 Is Placed in Trust for James Smith and He Receives Real Estate in Nova Scotia.

New York, Feb. 4.—James Smith of Brookline, Mass., who announced a few days ago that he intended to put in no claim for any part of the estate of his step-father, the late Lord Strathcona, benefits by the will. The income of \$125,000 is placed in trust for him and he receives outright real-estate in Pictou Nova Scotia.

This was disclosed when the text of the will was made public today by the attorneys in this city. Smith was the son of Lady Strathcona by a former husband.

In regard to his bequest of \$500,000 to Yale University, Lord Strathcona states that it is an expression of his appreciation of the benefits he gained from investments in the United States.

The will directs that the money be used for the promotion of the modern sciences and for instruction in the practical questions arising from the application of scientific knowledge to the industrial, social and economical problems of the time. "It being my special desire to have the said sum expended so far as in the opinion of my trustees may be deemed advisable for instruction in civil and mechanical engineering, with special reference to the construction equipment and operation of transportation of passengers and freight whether by land or water and the financial and legislative questions involved."

### LIKE DAKOTA COUNTRY.

Mrs. Sarah Russell and Son Here for Month's Visit.

Mrs. Sarah Russell and her son Sinclair Russell are here from Dakota to spend a month visiting relatives and friends and attending to some matters of business. Mr. Russell, who is farming a section of land in Dakota, said yesterday that he and the other Morgan county people in the colony there are greatly pleased with the country. The past year was a prosperous one from a farming standpoint and the prospects are very favorable for the coming season. Mr. Russell has all the ground broken which he is to plant this year ready for spring work when the spring planting season opens. While a good many land owners in that locality devote all energy to wheat raising Mr. Russell is convinced that the diversified farming and stockraising will pay best there just as it does here. He says that some land in localities where he is living has had wheat grown on it for very near 40 years without a change of crop. He says the land even in such instances is not worn out but that better results would come from a rotation of crops.

### MAINE PROGRESSIVES ACTIVE.

Portland, Me., Feb. 4.—The members of the Progressive state committee of Maine are rounding up here for a meeting tomorrow, when a date will be fixed for the state convention and other plans discussed for the coming state campaign. By getting into the field early and waging a vigorous campaign the leaders believe that their party will make an even better showing at the polls this year than it did in the election in November, 1912, when Maine returned 48,493 votes for Roosevelt as against 26,345 for Taft. The party has already decided to nominate complete state, congressional and county tickets this year.

### HEARINGS ON STOCK EXCHANGE BILL.

Washington, Feb. 4.—Public hearings on the Owen bill to prohibit the use of the mails and telegraph lines in furtherance of fraudulent and harmful transactions on stock exchanges were begun today before the senate banking committee. Representatives of the New York Stock Exchange, at which the bill is aimed, have announced their intention of appearing before the committee to speak in opposition to the measure. Delegation from the grain exchanges at Chicago, Milwaukee, Minneapolis and other cities also will be heard.

### SUPREME COURT GRANTS WRIT OF SUPERSEDAS

Springfield, Ills., Feb. 4.—A writ of supersedas was today granted by the supreme court in the case of Lloyd Parker which was appealed on a writ of error from Franklin county circuit court.

Parker was found guilty at the December 1913, term of court of assault to kill Harry Brown in a street fight at Benton, Ills. Brown was stabbed in the left side. A closed knife was found on the ground after the fracas which, however, could not be identified as belonging to Parker.

## SECRETARY DANIELS CONTINUES DISCUSSION OF NAVAL POLICY

Secretary Outlines the Conduct of the Government Navy Yards Before House Naval Affairs Committee.

Washington, Feb. 4.—Secretary Daniels continued his discussion of the nation's naval policy before the house naval affairs committee today outlining the conduct of the government navy yards.

Representative Buchanan of Illinois questioned the secretary about the efficiency of the present military direction of the work at the yards, saying the practice of placing naval officers as commandants in navy yards cost the government the price of a battleship every year in efficiency. He urged that civilian experts be placed in charge of the yards.

Secretary Daniels said the proposal presented a grave problem. The secretary was again questioned at length as to the relative strength of the navy compared to the fleets of other powers.

## For Bright Eyes and Clear Nose

Remarkable Catarrh Cure  
That Gets Right into the  
Affected Parts and  
Stops Gatherings.

S. S. S. is a Wonder for the Eyes, Nose and Throat.

It is definitely known that catarrh can be cured by the simple process of introducing the blood with antitoxic remedies that stop inflammatory conditions throughout the mucous linings of all the organs of the body. This is done with the famous Swift's Sure Specific, or as it is widely known, S. S. S. It is taken into the blood just as naturally as the most nourishing food. It spreads its influence over every organ in the body, through all the veins and arteries, and enables all mucous surfaces to exchange inflammatory acids and other irritating substances for arterial elements that effectively cleanse the system and thus put an end to all catarrhal pollution. S. S. S. cleans out the stomach of mucous accumulations, enables only pure blood-making materials to enter the intestines, combines with these food elements to enter the circulation, and in less than an hour is at work throughout the body in the process of purification.

You will soon realize its wonderful influence by the absence of the usual and steadily improved nasal condition. For special advice on any blood disease write to the Swift Specific Co., 223 Swift Bldg., Atlanta, Ga. Do not delay to get a bottle of S. S. S. from your druggist. Always insist that you want S. S. S. and nothing else. Beware of all attempts to sell you a substitute.

## FEDERAL LEAGUE RIDDLES TEAMS OF MINOR LEAGUES

According to Manager of Chicago Feds the "Outlaws" Are Now Turning Their Attention to Minors.

Chicago, Feb. 4.—The Federal league has turned its attention to the clubs of the big minor leagues and has begun to ride some of the teams, according to Joe Tinker, manager of the Chicago Federals. Not only are players now in minor league rosters sought by the federals but those who may receive their ten days' notices of release from majors to minors are offered places by the new circuit.

Developments today in the Cole case convinced Manager Tinker that the pitcher belongs to the New York Americans and no attempt is made to force him to carry out his contract. He made with the local federal league club. It was found that Cole had practically accepted terms with the Yankees before he signed the contract with Tinker and the threats of court action were based on a misunderstanding of position. Rather than take a weak case to court the federals will give up Cole they said.

A number of players, Tinker hinted have not lived up to "gentlemen's agreements" with the Federal league and henceforth will not be favored with offers.

## TAP LINE CASES REOPENED.

Washington, Feb. 4.—Double appeals in the so-called tap line cases, in which the commerce court decided against the interstate commerce commission, came up for hearing in the supreme court of the United States today. The government hopes for an early decision in the cases, owing to their importance and the fact that they have been dragging through the courts for several years.

The tap line cases involve the rights and privileges of sawmill railroads in the southwest, particularly Arkansas, Louisiana, Missouri and Texas, running back from trunk railroads to lumber camps. The point at issue is whether such lines shall be considered as common carriers and be subject to the same regulations as to rates and other matters as the regular railroads. The development of the lumber business in various sections of the country is said to depend in large measure upon the outcome of the litigation.

## THE FEMINISTS PROGRAM NOT PLEASING TO THIS COUNTRY

English Movement for More Rights for Women Differs Widely From Suffrage Battle Here—Most Americans Believe in Inherent Sex Differences.

In a recent issue of The Congressionalist is a review of an article by W. L. George in the Atlantic on "The Program of the Feminists." The writer's comments on the subject and his explanation of the inherent sex differences, which he hopes cannot be overcome by this or any other such movement, are very interesting. Some paragraphs from the review follow:

"The rather unlovely word feminist labels a movement for radical changes in woman's place and work which for some time has been gathering head and must be reckoned with. It is a movement for the far reaching reconstruction of society. Admittance to the polls has already become for the feminist leaders a mere preliminary step toward complete social revolution. Miss Jane Addams believes that the ballot for women is but a means for the accomplishment of social and industrial betterment for the world. But the feminists think of it mainly as an advance towards a new source of power which woman will utilize for her own immediate sex advantage."

"The program of the English feminists was formulated by W. L. George in the December Atlantic. His title, Feminist Intentions, suggests the spirit of confidence for the future of the movement in which the whole article is written. The 'intentions' are frankly revolutionary. Feminists recognize no masculine or feminine spheres \* \* \* they propose to identify absolutely the condition of the sexes."

"The central changes in this program of feminist action naturally affect marriage and the home. In America there are few conventional limits to the art or business sphere of woman. She may take her unquestioned place among painters, as Miss Cassatt and other artists have done. She may be lawyer, doctor, merchant, minister. We still hold to inherited instincts and ideals of monogamous marriages and of home making as a profession worthy of the primary attention of highly educated women. Our self supporting women often give up their other work for this. But feminists complain that the home demands of women too great an expenditure of energy, too much time, too much labor; that the concentration of her mind upon the continual purchasing and cooking of food, on cleaning, on the care of the child, is unnecessarily developed; they doubt if the home can be maintained as it is if woman is to develop of their free personality."

## Oppose Modern Marriage.

"Feminists, according to Mr. George, 'are emphatically arrayed against modern marriage,' which is looked upon as 'condition of sex-slavery into which woman is frequently compelled to enter.' They consider male deference a badge of inferiority. They have no use for knightliness and chivalry. The initiative in marriage belongs to women rather than men. 'Under feminist rule women will be able to select, because they will be able to sweep out of their minds the monetary consideration; therefore they will love better, and unless they love, they will not marry at all. It is therefore probable that they will raise the standard of masculine attractiveness by demanding physical and mental beauty in those whom they choose. \* \* \* The men whom they do not choose will find themselves in exactly the same position as the old maids of modern times. \* \* \* Personally I am inclined to believe that the ultimate aim of feminism in regard to marriage is the practical suppression of marriage and the institution of free alliance."

## Have Faith in Old Order.

"Discussions of woman's place and work are always in order. But we do not believe that our own people have yet begun to lose faith in Christian marriage or the father-and-mother home, which goes on prosperously in spite of the fact that, as a rule, neither men or women have much time to devote to the development of their 'free personality.' On the whole, we are not much afraid of the triumph of Mr. George's type of feminism in America."

"We are seriously concerned, however that questions of the relation of men and women in a democracy should be settled on a right and therefore a firm basis. The chances will not come all at once, but they are sure to come and they should move in the right direction. We need the influence of women in politics and economics, in eugenics and in education. In a large section of the United States it has been thought the best method of securing influence to give her the ballot. But her power of uplifting and social amelioration does not of necessity depend on voting, while a large proportion of American women are still of the opinion that their influence will be more effective without the ballot."

## The Sex Attractions.

"The real difficulty lies in the inherent nature and besetting presence of sex attraction, which we can neither get rid of nor ignore. Very few have ever found out how to treat women in the wholly impersonal way in which men are treated. How shall we get rid of passion and jealousy, of vanity and the primordial greed of possession when men and women meet on an undistinguished footing? In certain trades women must not be too 'good looking.' In others freshness of youth and feminine charm of liveliness are part of the required equipment. 'Something has' to be done for women,' writes the heroine of Mrs. Well's 'Passionate Friends' to her statesman lover. 'We are spoiling the whole process of progress, we are turning all the achievements of mankind to nothingness. Men invent, create, do miracles with the world, and we trans-

late it all into shopping, into a litter of dresses and households, into an immense parade of pride and excitement. (There must be) some release from their intolerable subjection to sex, so that for us everything in life, respect, freedom, social standing, is entirely secondary to that. But what has to be done? We women do not know.' Nor are the women singular in their inability to sidetrack the insistent puzzle of sex divergencies and their own vanities. 'Somewhere between these two extremes of subjection to vanity, jealousy and the dominance of sex and of ignoring fundamental tasks and distinctions, a way must be found. Individuals are finding it every day in marriage or a permanent interest in work. To open the way to a larger liberty for women as they need and ask it is a concern which must interest every right thinking man. But that way can never be found by ignoring fundamental distinctions of human nature or setting aside the common interest of men and women in the stability and purity of the home, nor by robbing children of their birthright in a father's as well as a mother's love and care."

## PROXY STOCK VOTING.

Peoria, Ill., Feb. 4.—Declaring that the stockholders could not combine their stock and place it in the hands of a trustee to vote it as he desired, Judge John M. Niehaus in the circuit court here today rendered a decision for the plaintiff in the case brought by Fred Luthy against Henry Ream, involving the management of the Peru Plow Works at Peru, Ill.

The court held that the trust agreement was void as against public policy; that it was revocable at the instance of the owner of any of the stock involved in it and the salaries voted by Ream, B. D. Brewster and William Holly to themselves as officers were unlawful and void.

## FEDERAL GRAND JURY INQUIRY IS EXPECTED TO END TODAY

Chicago Editor Is Expected to Produce Alleged Cable Message Telling of Jack Johnson's Relations With Chicago Officials.

Chicago, Feb. 4.—The federal grand jury inquiry into alleged relations between Solomon Lewinsohn, formerly professional bondsman and private banker, now a fugitive Jack Johnson, the negro heavy-weight prize-fighter and federal officials here is expected to end tomorrow with the calling of the editor of a Chicago morning paper. The witness it is understood, has promised District Attorney Stansbury to produce the original of an alleged cable message from Paris which Jack Johnson now is telling a story of the negroes alleged friendly relations with members of the district attorney's staff and officers of the department of justice. Officials of the Western Union and Postal telegraph companies already have testified that no such cable message recently has been received here. The editor it is believed will state that the message was received in New York. The inquiry was precipitated by the persistent circulation of rumors that Lewinsohn lent money to federal officials in order to establish relations with them and obtain favors for Lewinsohn's customers. The notorious Johnson case was brought into the grand jury investigation after assertions were made that it was easy for Johnson to give bond and leave the country.

## HUGHES ELECTED TRUSTEE.

Chicago, Feb. 4.—Associate Justice Charles E. Hughes of the supreme court of the United States was elected a trustee of the University of Chicago today to succeed Dr. T. W. Goodspeed resigned.

Justice previously had notified the board of trustees that he would accept.

## DID CHILD WAKE UP

## CROSS OR FEVERISH?

Look Mother! If tongue is coated give "California Syrup of Figs" to clean the bowels.

Mother! Your child isn't naturally cross and peevish. See if the tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat sleep or act naturally, has stomach ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look and see that it is made by the "California Fig Syrup Company." Counterfeits are being sold here. Don't be fooled!—Adv.

Jacksonville Citizens Gladly Testify and Confidently Recommend Doan's Kidney Pills.

It is testimony like the following that has placed Doan's Kidney Pills so far above competitors. When people right here at home raise their voice in praise there is no room left for doubt. Read the public statement of a Jacksonville citizen:

G. V. Skinner, blacksmith, 853 South East street, Jacksonville, Ill., says: "I am convinced that Doan's Kidney Pills are the best kidney medicine to be had. One of our family suffered a great deal from kidney weakness and backache and was relieved in every way by Doan's Kidney Pills."

"When your back is lame—Remember the name." Don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Skinner had—the remedy backed by home testimony. 50c all stores. Foster-Milburn Co., Props., Buffalo, N. Y.—Adv.

## SENATOR RANDELL ON DIVORCE LAWS

## INTRODUCES AMENDMENT TO FEDERAL CONSTITUTION.

Amendment Would Prohibit Divorce With the Right to Remarry in the United States and in all Places Under Nation's Jurisdiction—Other News from Washington.

Washington, Feb. 4.—Divorce with the right to remarry would be prohibited forever in the United States and in all places under the nation's jurisdiction by an amendment to the federal constitution proposed in the senate today by Senator Randell, of Louisiana. Enactment of uniform marriage laws for all states and territories, with provision for separation without permission to remarry, would be directed by the amendment.

With the states of the union granting more than twice as many divorces as all the rest of Christendom combined, Senator Randell told his colleagues that the time had come for the nation itself to put down this menace to "the chief bulwark of society, the home—the maker of good citizens and the model on which every wise government is founded."

The remedy by constitutional prohibition is drastic, said the senator, "but the malady is so fatal that nothing short of it will prove efficacious. In the United States divorce is spreading with alarming rapidity. It has permeated every walk of life, and is prevalent among every class of people. The total number of divorces granted in 1907 was 9,937 or 27 per 100,000 population. Forty years later, in 1906, there were 72,062 divorces, or 86 per 100,000; thus in actual numbers there were more than 7 times as many divorces granted in 1906, as in 1867, or allowing for the increased population, divorce had increased 319 per cent."

"If divorces multiply at the same rate in the future as in the past—and there is every indication that they will increase faster—then before the middle of this century we will have annually in the United States 275 per 100,000 population, or one divorce for every five marriages."

"If the United States were to write in the constitution an amendment prohibiting absolute divorce, it would not be taking such a radical step as might at first be thought, but would be following a beaten path. Our own state of South Carolina—all honor to her—prohibits divorce. It is absolutely forbidden in Italy, Spain, and to two-thirds of the population of Austria-Hungary, while the Latin-American countries of Mexico, Argentina, Brazil, Peru, Chile, and others have similar laws."

"While many excellent people are divorced and some of them make new homes, the inevitable trend of divorce is to break up many more homes, than it builds up, and to materially reduce the number of children. When marriage is dissolved the true home ceases to exist; the parents and the children are separated; and the sweet ties that bind father and mother to their offspring, and to each other, are broken forever."

"As long as the Romans of old looked upon marriage as sacred, and held the sanctity of the home inviolate, their arms were invulnerable, and Rome became mistress of the world. But with the accumulation of colossal wealth came great laxity of morals; marriage became a jest, and child bearing a useless burden. The luxurious Romans lost all respect for female chastity; the heroic Empire fell; the victim of luxury and disregard for the binding effects of marriage."

"Shall not the United States take warning from Rome's example?"

House Passes Burnett Immigration Measure.

The Burnett immigration bill, prescribing a literacy test for applications for admission to the United States was passed by the house today by a vote of 241 to 126. All proposed amendments relating to the exclusion of Asiatic immigrants previously had been eliminated.

As the bill passed it provides that every immigrant admitted to the United States must be able to read "the English language or some other language for dialect, including Hebrew or Yiddish." It prescribes the method of testing immigrants, providing that each applicant for admission must read a slip on which is printed between thirty and forty words. In its present form this measure passed the house and the senate in the last congress but was vetoed by President Taft.

As a bill was vetoed during President Cleveland's second administration. The supporters of the bill are confident it will pass the senate although President Wilson has let it be known that he does not approve the literacy test.

Opponents of the literacy test fought strenuously to the last but in a last effort to eliminate the test from the bill they were defeated by 140 to 239. The final vote came at the end of a day of vigorous debate, which at times threw the house into confusion and on several occasions threatened to cause serious trouble.

Representative Burnett of Alabama, in charge of the bill tried to hurry the debate along and frequently moved to proceed and shut off the discussion. On one occasion Representative Hanahan of Minnesota commented upon what he called "the unfairness with which this bill has been driven through, and the unfair statements of the chairman, Mr. Burnett, in view of his fear and cowardice which he has shown in not daring to answer objections."

With a bound Representative Burnett was on his feet.

"That's a lie, Mr. Chairman and the gentleman knows it," he shouted. Among the tumult of demands for recognition points of order and a general outburst of disorder, Representative Hanahan in the chair finally called Representative Hanahan to order. Another outburst followed in the course of which Representative Hanahan withdrew the word cowardice.

Minority Leader Mann in the role of peace-maker, finally brought quiet and an exchange of apologies. At another point in the debate the chairman and Representative Mann had a heated exchange, the latter asserting that the chair is disrespectful to the house.

## THREE SENATORS

Three United States Senators, Bacon of Georgia, Stone of Missouri and LaFollette of Wisconsin are confined to their homes by illness. Mr. Bacon, who recently broke a rib against a bath tub has a high fever and cold and the fracture has not mended. No improvement in his condition was noted today.

Mr. Stone has gripe and is threatened with pneumonia. Mr. LaFollette has had neuritis but now is recovering.

## Bar Supplemental Legislation.

Democrats of the senate interstate commerce commission in conference today determined that any attempt to attack supplemental anti-trust legislation to the pending interstate trade commission bill should not be permitted.

It was agreed that such additions would only serve to encumber the proposed measure and would conflict with the ideas of the president and administration leaders as to the legislative program under process of perfection.

The decision was reached after consideration of amendments proposed by Senator Cummins and other Republicans who have participated in the general meetings of the committee on tentative trust bills. Senator Cummins particularly urged that the trade commission be authorized to limit the size of corporations and to regulate capitalization and price cutting.

Senator Newlands, chairman of the committee announced tonight that the majority members were opposed to injecting any such proposals into the measure, and that such subjects should be treated in connection with other bills proposed to supplement the Sherman law.

Pleading that congress in "getting after big business must not kill little business," F. R. Segenthal of Eau Claire, Wis., representing retail implement dealers, during the day addressed the house judiciary committee which continued hearings on the trust program. J. B. Morehead of Lexington, Mo., member of the National Federation of Retail Merchants and John W. Barry of Cedar Rapids, Iowa, joined in this plea, pleading to the committee struggles of small retailers against the campaign of mail order dealers and wholesalers who invaded their towns.

"You want the right to combine among yourselves in your localities and to shut out the mail order business and other competition," suggested Chairman Clayton and the delegation agreed.

Mr. Segenthal said that the association of retailers of agricultural implements was continually being harassed by investigations of agents of the department of commerce seeking to find if they constituted a trust.

"We are only hard working men," he added, "trying to do what is right and gain an honest living."

Seth Low, president of the National Civic Federation continued his remarks before the committee today arguing that labor unions and farmers' organizations should not be amenable to trust laws. Before the house interstate commerce committee, Louis D. Brandeis made further suggestions relating to the powers of the proposed trade commission.

Wants Immediate Action.

Representative Richmond Pierson Hobson, of Alabama, who has been campaigning against Oscar W. Underwood for the Democratic nomination for the senate from Alabama wants immediate action on the demand of W. H. Parker of Alabama that his salary be withheld for the days he has been absent from the house. When he returned from Alabama today, Mr. Hobson telephoned Representative Underwood demanding that something be done about the Parker protest. He said he wanted the matter called up on the floor of the house and threshed out or dropped entirely.

Representative Underwood said that he had nothing to do with the protest, did not know Mr. Parker, and would not concern himself with the matter either on the floor or elsewhere.

IS SERIOUSLY ILL.

William Conlee of Roodhouse, father of A. D. Conlee of this city, is confined to his home by an illness, which, owing to his advanced age, is considered very serious. A message yesterday from his son, who is attending him at Roodhouse, indicated a slight change for the worse.

Representative Burnett of Alabama, in charge of the bill tried to hurry the debate along and frequently moved to proceed and shut off the discussion. On one occasion Representative Hanahan of Minnesota commented upon what he called "the unfairness with which this bill has been driven through, and the unfair statements of the chairman, Mr. Burnett, in view of his fear and cowardice which he has shown in not daring to answer objections."

With a bound Representative Burnett was on his feet.

"That's a lie, Mr. Chairman and the gentleman knows it," he shouted. Among the tumult of demands for recognition points of order and a general outburst of disorder, Representative Hanahan in the chair finally called Representative Hanahan to order. Another outburst followed in the course of which Representative Hanahan withdrew the word cowardice.

COMMERCE COMMISSION TO EMPLOY WOMEN

Washington, Feb. 4.—The unwritten law invoked by the Interstate Commerce Commission at its creation that no woman shall be employed in the various offices coming directly under its supervision has at last been shattered. The commission until recently employed none but men, because the employees often had to travel about the country and do tasks which women could not be expected to perform. But the times have changed and women are now no longer barred from employment by the commission.

There being such a scarcity of male stenographers and typewriters—or at least but a very few who care to work for the government at the salaries offered—the commission has found it necessary to employ women typists. Two of them have already successfully passed the examination and have taken the oath, and the chances are that other women will do likewise if the present dearth in male stenographers continues.

## The Home Beauty Parlor

by Betty Dean

Sue L.: I always recommend quinzoin to put vitality and luxuriance into anyone's hair. It will promptly remedy the dandruff and itching scalp; it costs little and you can prepare it at home. From your druggist get one ounce quinzoin and one half pint alcohol. Mix and add one half pint cold water. This makes enough tonic to last a long time. Apply to your scalp twice a day. This is fine to prevent falling of the hair and premature loss of color.

Daly: Don't worry about being too "plump" when there is such a simple easy way to reduce flesh without dieting or any strenuous exercise. Get four ounces of parotins from your druggist and mix it in one and one-half pints hot water. Take a tablespoonful before meals. This is harmless and inexpensive and I think you will find a beneficial change within a week.

Leonora: There is no virtue in an egg shampoo. The slimy animal matter clings to the strands and clogs the pores of the scalp. I have found that cantilox is far the best thing to use in shampooing, as besides cleaning the hair, it leaves the scalp thoroughly stimulated. It is also very economical and you can now get a trial package without cost by sending your name and address to the manufacturer, H. S. Peterson & Co., Dept. X8, 212 W. Kinzie St., Chicago, Ill.

Polly: You do not need to send abroad for the new, perfect substitute for face powder. Make it yourself at home, by dissolving four ounces spumax in one half pint hot water. This is the simplest, purest lotion for making the skin soft and naturally fair. It stays on closely, and gives a youthful freshness.

Maurice: The skin eruptions of which you speak are caused by impure blood and you must eliminate the poisons from the system before you can hope to enjoy complete health. Into one half pint alcohol (whisky must not be used) pour one ounce cardene, then add one-half ounce sugar and hot water to make a full quart. Take one tablespoonful of this old-fashioned blood cleanser and tonic before each meal. This is splendid for that weak, worn feeling and restores the vital organs to a healthy condition, and its timely use will save much serious sickness.

Fanchon: Certainly eyes are harmed by belladonna, but this home-made tonic will clear and make them brilliant while it is strengthening and resting. Anyone can prepare it by dissolving an ounce of crysols (obtainable at any druggist's) in one half pint of clear water. Use eye cups or put a few drops in each eye at least once a day. Its brightening effect is immediate.

# WORLD'S LATEST FINANCIAL AND MARKET NEWS

## STOCK AND BOND BUYING CONTINUES IN FAIR VOLUME

Effect of Investment Buying Is  
Neutralized by Tendency of  
Professional Operators to  
Play for Reaction, Thus  
Confusing Movement.

(By Associated Press)

New York, Feb. 4.—Investment  
buying of stocks and bonds contin-  
ued in fair volume today with an in-  
creasing demand for shares with  
well established records as dividend  
payers. The effect of this buying  
was neutralized by the tendency of  
professional operators to play for a  
reaction and as a result the day's  
movement was confused. The suc-  
cessive upward and downward  
swings recently have balanced each  
other so evenly that the price aver-  
age varies only slightly from that  
of a fortnight ago and it was the  
feeling of traders that a substantial  
setback was to be looked for before  
the market would develop sustain-  
ing strength. There was some sell-  
ing of stocks on this theory but the  
bears were able to make little head-  
way.

The market eased off in the early  
trading but quickly hardened. Dur-  
ing the session quotations advanced  
under the lead of Reading and  
Smelting but in only a few cases did  
the upturn in the popular shares  
exceed fractions. Toward the end  
of the session selling became more  
vigorous and the list turned down-  
ward sharply until many of the  
stocks were forced under yesterday's  
close.

### DEMOCRATS OF ILLINOIS STILL HAVE ACUTE DIFFERENCES

State Treasurer, Auditor and Attorney General Join in Letter Asking Senator Owen Not to Attend Coming Banquet in Springfield.

That great is the feeling of brotherly love which prevails in the Democratic ranks of Illinois was recently indicated by the letter sent to United States Senator Robert Owen by three Illinois state officers asking him not to attend the Wilson-Bryan League which is to be held in Springfield next Monday. The State Register tells of the letter recently sent to the Oklahoma senator, as follows:

"Three state officers—State Treasurer William Ryan, Jr., Auditor of Public Accounts, James J. Brady and Attorney General P. J. Lucey have joined in a letter to United States Senator Robert L. Owen of Oklahoma, in which they inform him of 'the true conditions regarding Illinois politics,' particularly in reference to the forthcoming Wilson-Bryan League meeting in this city on February 9.

"The three state officers, calling attention to the announcement by the league that Senator Owen is to be one of the speakers, advise him that the purpose of the gathering is to eliminate one candidate, notably former National Committeeman Roger C. Sullivan."

"We understood," the letter states, "that it was the purpose of the

amendment to the constitution, providing for the direct nomination of United States senators, to give every citizen the right to become a candidate and to let the people themselves decide as to each candidate's fitness."

"Factional politics have long prevailed in Illinois," the letter continues, "but we believe that at present time the party is freer from factionalism than at any time in its history."

"This meeting would not only produce discord and factional differences."

"We have been invited to attend the meeting," Messrs. Ryan, Brady and Lucey add, "but presume we are not of the 'hand-picked' variety of democrats."

"We wish to inform you of the conditions in this state and that of the speakers of national reputation to address the gathering, including Secretary Bryan, former Governor Folk of Missouri and Mr. Davies, all have declined to come except yourself."

"We feel that democracy is able to pick its candidates without meetings of this character."

How to Prevent Bilious Attacks.

"Coming events cast their shadows before." This is especially true of bilious attacks. Your appetite will fail, you will feel dull and languid. If you are subject to bilious attacks take three of Chamberlain's Tablets as soon as these symptoms appear and the attack may be ward off. For sale by all dealers.—Adv.

### LYNNVILLE.

The Lynnville concert band gave a concert and box supper in the Methodist church last Friday night, assisted by Miss Dove Burnett, who gave a reading. Rev. Mr. Bracewell, pastor of the church, sang a solo; also the Point Pleasant orchestra gave a number of selections. Our worthy auctioneer, Arthur Kitchen, in a creditable manner auctioned off the boxes. The band boys realized \$25 for their concert and supper.

F. W. Schofield and wife have invited a number of relatives to be present at their home, four miles southeast of Lynnville, Thursday, Feb. 5th, to enjoy the day with them in celebrating their 40th wedding anniversary.

A. B. McKinney and C. H. Gibbs will each ship a double deck of hogs to St. Louis this week.

Lela Harney and Mildred Gibbs, from the Jacksonville high school, enjoyed Sunday with home folks.

Claud Jewsbury from the Jacksonville Business college spent Sunday with friends at home.

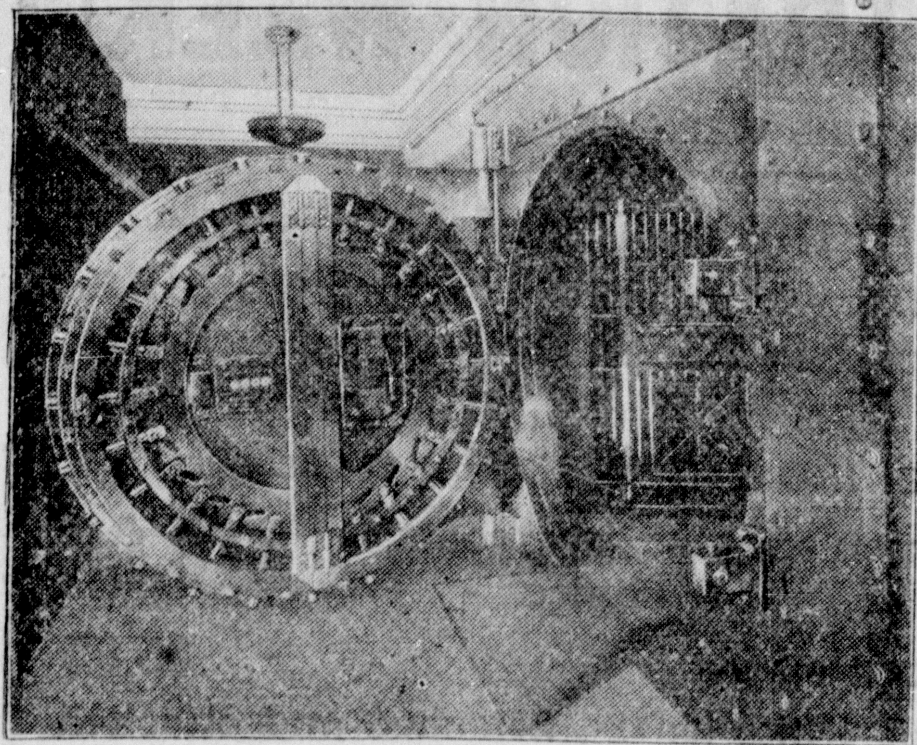

Some of the new members who united with the Methodist church during the protracted meeting were baptized in the Centenary church in Jacksonville Saturday.

## The Ayers Safe Deposit Vault

A Safe Deposit Box is not a luxury, but a necessity to the owner of stocks, bonds, deeds, mortgages, insurance policies and other valuable papers.

Anxiety about jewelry and silverware not in use is dispelled when they are in a Safe Deposit Vault.

It may be of interest to know that in the construction of the vault there are more than 380,000 pounds of steel and the door itself weighs 14 tons.

To rent a Safe Deposit Box in this vault costs less than one cent a day.

Private rooms for the examination of papers are provided for the convenience of patrons.

## MRS. NUNES AND TWO SONS ARE ARRESTED FOLLOWING SHOOTING

Are Charged With Assault With Intent to Kill and Murder—All Released on Bond.

Mrs. Mary Nunes, wife of Antonio Nunes, Sr., who was shot as a result of a family quarrel Tuesday night, and her two sons, Charles and Frank Nunes, were arrested Wednesday on warrants charging them with assault with intent to kill and murder. They were arraigned before Squire Dyer and gave bond in the sum of \$2,000 each for their appearance for a preliminary hearing in Squire Dyer's court February 14th, at 9 a. m. Frank Nunes and Jacob Ornelas were given as sureties for Charles Nunes; Charles Nunes and Jacob Ornelas for Frank Nunes and Mrs. Nunes was released on her own bond.

Mr. Nunes, the victim of the shooting, is at Passavant hospital and Wednesday night his condition, while not especially grave was considered quite serious.

## MAUVAISTERIE CASE CALLED WEDNESDAY

Entire Day Is Spent in Effort to Compromise and Adjust Differences.

After a postponement of a week the Mauvaisterie drainage case was called for trial in the County court Wednesday and the entire day was spent in an effort to compromise and get matters adjusted so as to proceed without further litigation. Considerable was accomplished in this line and it appears as if a large part of the litigation has been disposed of. Wednesday afternoon adjournment was taken until this morning at 9 o'clock.

## TO SPEND SUMMER IN EUROPE.

A party of Jacksonville people chartered by Mrs. Louise B. Inglis will leave early in June for a summer tour of Europe. Their itinerary will include Italy, France, Spain, Greece, Germany, England and Ireland and they will be away from America about three months. Little of the territory will be new to Mr. Inglis who has traveled extensively in the old world. The party will include Misses Alice and Mary Wadsworth, Miss Edith Jordan and probably Miss Lillian Davis, Margaret and Gertrude Ayers. Some others not residents of Jacksonville also may be with the party. Miss Eleanor Capps contemplated the trip but decided to postpone her European stay until a later date.

## ILLINOIS WINS FROM SHURTLEFF

ALTONITES TAKEN INTO CAMP 28 TO 14.

Illinois Although Playing a Listless Game Had Little Difficulty in Defeating Visitors—Illinois Will Play Return Contest Next Friday.

Illinois college had little difficulty in annexing the basketball game last night from Shurtleff college of Alton, the score being 28 to 14. Illinois did not show her usual speed and the bunch missed enough baskets to have won the game several times. Only for five minutes in the second half did the five show anything like team work, but they soon dropped into the old form. The locals conceived the idea that Shurtleff would be "pickings" so let up and took things easy. The visitors had only one man that showed anything like speed, he being Main, who made nine of the 14 points scored by the visitors. Frisbie clearly outplayed Snodgrass at center and Gary and Atchison contributed to Illinois' score. The score at the end of the first half was 9 to 14 in favor of Illinois. Next Friday the team will play a return game with Shurtleff at Alton.

As a curtain raiser the Second team of the high school played Whipple academy, the second team winning by score of 15 to 13. It was an interesting contest and the quintets were evenly matched. The whole team was composed of Pierce and Hill, forwards; Banks, center; Sooy, Pond and Wall, guards. Leo Brown refereed both games.

## WITH SICK PEOPLE.

J. H. Campbell of South Clay avenue returned Wednesday from Waverly where he was called by the serious illness of his father, J. A. Campbell. He left his father slightly improved.

Mr. and Mrs. Henry Rudisill of Arcadia are both afflicted with typhoid fever. Fred Rudisill of Litchberry was brought to Dr. Day's hospital yesterday for a surgical operation. Morrison Worthington is ill at his home with the measles.

C. H. Smith who has been ill at his home on Westminster street for several days, is improving.

Hayes Williams of 216 Anna street, who has been ill several days has resumed his work at the Electric light plant. It was reported that Mr. Williams had the small pox but he was only afflicted with a bad attack of the la grippe.

Little Virginia Rice, daughter of Mr. and Mrs. James Rice, west of the city is quite ill with whooping cough and double pneumonia.

## NEW EXPRESS RATES SHOWN BY NEAT GRAPHIC CHART.

Harry A. Goodrick, local agent of the National Express company, has prepared a chart showing the new rates on express shipments from Jacksonville to thirty-five cities which receive a fair proportion of the local express business. The table is well made up and shows at a glance the rates to those cities on packages of various sizes. In constructing this chart of the new express rates, Mr. Goodrick worked with the intention, no doubt, of comparing them with the parcels post tariffs and showing the advantages of the express service. D. W. Osborne of the Adams Express Co., and T. J. Jackson, agent of the Wells Fargo have also been active in systematizing the new rate schedules and preparing tables for comparison with different zone rates of the government mail service.

## DOLLAR CORN BY SPRING?

Many predicted dollar corn by spring but a day or two since a man in the vicinity of Markham landed at his station a car load brought from Illinois at a cost of 65c a bushel laid down in Markham. It seems a little strange to ship corn into Morgan county but last year was probably the worst in the history of the county for the crop.

## DAY OF PRAYER.

As formerly announced Illinois college and the Woman's college will observe Day of Prayer for Colleges today with special speakers. Bishop Sheppard of Kansas City, will address the W. C. C. students at 10:30 and Rev. Martin D. Hardin of Chicago at Illinois college at 9:45.

## MORTUARY

**Rates.**  
East St. Louis Journal—Mrs. Frances P. Bates, aged 73, ended earth's pilgrimage Monday morning, departing this life surrounded by the members of her immediate family at the residence, 1461 College avenue. Mrs. Bates passed quietly and peacefully away at 4:30 o'clock following an attack of apoplexy.

Mrs. Bates was the wife of Mr. T. M. Bates, former Superintendent of Transportation of the Chicago & Alton railroad, with offices in Bloomington, now retired. Mr. Bates has made his home in East St. Louis for the past several years. Besides her husband, Mrs. Bates is survived by two sons and two daughters, Charles Bates of Roddhouse, Ill., Frank Bates of Chicago, Mrs. Blanche P. Berge of 449 Columbia place, East St. Louis, and Miss Flora P. Bates, at home.

**Burials.**  
Mrs. William Burrus, who underwent an operation here died Wednesday afternoon at 2:30 o'clock. Her maiden name was Sarah Beauchamp and she was born May 17, 1858 near Meredosia. She married William Burrus, December 29, 1882 and the family has resided most of the time 3 1/2 miles west of Arenzville. Besides her husband she leaves nine children, Edgar, Clarence, Laura, Frank, Alta, Paul, Earl Leone and Melvin. She also leaves a step-daughter, Mrs. Albert Holman of Barry, two sisters and a brother.

Mrs. Burrus had a wide circle of friends and her passing away will be greatly mourned. She was devoted to her family and kind to everyone. She was greatly interested in church work and as far as possible always took an active part. She was a member of the Methodist Episcopal church.

The remains were taken to Williamson and Cody's undertaking parlors and this morning will be sent via the Burlington railroad to Arenzville. The funeral will take place from the McKendree M. E. chapel of the Arenzville community, probably on Sunday.

## FUNERALS

**Bull.**  
The funeral of Solomon Bull was held Wednesday morning at 11 o'clock from the Hart's Prairie Baptist church in charge of Rev. Peter Kittle. There was a large number of friends present as Mr. Bull was widely known and one of the former substantial citizens of that part of Morgan county. Rev. Mr. Kittle took for his text: "If a Man Die, Shall He Live Again." He paid a glowing tribute to the memory of the deceased.

The many beautiful flowers were under the care of Misses Stella and Leila Berryman and music was furnished by the Scottville choir, under the leadership of Prof. Brooker. Members of the Masonic lodge of Scottville, No. 426 of which Mr. Bull was a member had charge of the services at the grave.

Interment was made in the Dalton cemetery and the bearers were Messrs. John S. Hart, William Wheeler, Ralph Osg, Joseph Elliott, Henry Van Beber, William Close.

Mr. Bull was born March 15, 1831, being 82 years of age. He married Miss Elizabeth Seymour, in 1858 and she survives him and five children, William and Abraham Bull of Scottville; J. J. and Samuel Bull of Hart's Prairie; Mrs. C. C. Berryman of Jacksonville, eleven grandchildren one brother, Madison Bull of Beardstown; two sisters, Mrs. Betty Seymour of Girard and Mrs. Elizabeth Jett of Greenville, Ill.

If you are economy buyers and wish to save, don't fail to take advantage of Andre & Andre's 15th Semi-Annual Sale.

## OLIVER MASON PASSES AWAY IN CHICAGO WEDNESDAY

Resided in Jacksonville Until Few Years Ago—Remains to be Brought Here Today.

Word was received in the city Wednesday announcing the death of Oliver Mason, a former resident of this city, who died suddenly in Chicago where he was visiting with his daughter, Mrs. William Watson. Mr. Mason's home was in St. Louis and just last Tuesday morning his wife received a letter from him saying that he was improving and expected to return soon to his home. For years Mr. Mason had been a sufferer from locomotor ataxia.

Until about four years ago Mr. Mason resided in this city where he was born. Here he was in the jewelry business and was identified with the work of the Y. M. C. A. He was a singer of much ability and sang second bass in a male quartet composed of men of this city who became known all through this section. Mr. Mason was most generous in the contribution of his musical ability and sang at a large number of funerals, never being too busy when called upon and never charging anything for his services. Besides a wife and daughter in Chicago he is survived by a daughter Mrs. Samuel Hilton of North Dakota and four sons, Robert, Reginald, Lamorne and Odley Mason, all of St. Louis.

The remains will arrive in this city this morning at 7 o'clock via the Wabash and will be taken to the Gillham undertaking establishment. Arrangements for the funeral will be made later.

Moose dance, tonight Degen's hall.

## MISSIONARY SOCIETY MEETS WITH MRS. C. C. JEFFRIES

The Woman's Foreign Missionary society of Grace M. E. church met Tuesday afternoon with Mrs. C. C. Jeffries, 146 Pine street for a profitable and well attended meeting. First on the program was Mrs. J. Bart Johnson who sang, "The Perfect Day." Mrs. R. S. Nelson read a report of the recent meeting of the executive board of the Woman's Foreign Missionary society which met in Topeka, Kan. A paper on "The Object of Thank Offerings" was read by Mrs. James I. Graham, after which the program was concluded by an instrumental selection by Mrs. Jessie Whorton. Refreshments were served and the social hour following the program was decidedly enjoyable.
